

City Asks FCC To Investigate Activators, Supporters and Motives and CBS For True Story

WHEREAS: The Lake Okechobee agricultural area, consisting of some 1,200 square miles in area and more than 50,000 inhabitants produces for our fellow citizens throughout the United States winter vegetables, beef, and sugar as the sole industry with an annual output exceeding fifty million dollars;

AND WHEREAS: As an agricultural community requiring migrant labor, we have over the past quarter of a century been cognizant of the need for providing the migrants better housing, health, education, and other general community services;

AND WHEREAS: During this period much progress has been gained by community and individual citizen organizations cooperating within means available to provide better housing, health, education, and other general community services for the migrants;

AND WHEREAS: Representatives of the Columbia Broadcasting System and Edward R. Murrow, a nationally known spe-

cial news reporter, were received with full cooperation by local health officials, community groups, and individuals with the repeated assurance before and during the gathering of the information that both sides of the migrant problem would be reported;

AND WHEREAS: No matter how worthy the purported objectives of such a film as, "Harvest of Shame," authenticated by a national network, such as Columbia Broadcasting System and a nationally prominent news reporter as Edward R. Murrow, and through techniques of production and editing—possibly meeting the technical requirements of documentation—was in effect misleading in its implication to the viewing public, to the point that it may well be dangerous as a vehicle leading to confused thinking, and implementing the vulnerability to all types of "isms" in all viewers;

AND WHEREAS: The possible deterioration of democratic thinking brought about by viewing the report, "Harvest of

Shame," together with the facts that such action was unnecessary even with an advocate of special purpose does irreparable damage to the television viewers;

AND WHEREAS: Recent Congressional investigations of national television and radio programs have greatly undermined the public's confidence in the accuracy of the broadcasting industry to present factual material uncolored;

NOW THEREFORE BE IT RESOLVED THAT: The City Commission of the said City of Belle Glade, Florida, interceding for their citizens and in particular all citizens of these United States respectfully petition the Federal Communications Commission to immediately institute an investigation to determine the substance of these allegations and if found reasonably supported then to engage a detailed investigation into the activators, motives, and supporters of this report.

Praying earnest consideration and assuring full cooperation

with facts as requested and with assurance of the continuance of faith in the equity of American government as practiced.

This resolution being respectfully submitted to the Chairman of the Federal Communications Commission with copies to the Honorable Spessard L. Holland and George A. Smathers, United States Senators, and the Honorable Paul G. Rogers, member of the House of Representatives, United States Congress.

A Sequel—The Truth Asked

NOW THEREFORE BE IT RESOLVED THAT: The City Commission of Belle Glade, Florida, respectfully petitions the Columbia Broadcasting System and the Phillip Morris, Inc., to prepare a sequel to the report, "Harvest of Shame," to give the citizens of these United States an opportunity to see the "other side" of the migrant problem.

Individual, Organization Support and Facts From New Sources;

"Unfed, Unclothed And Unschool"

Photo NOT BY AVELL
Mrs. L. L. Price (right) and Grant Avelil of the Glades Migrant Committee, Secretary and Chairman, respectively, showing filing two mothers and children from the always-available stock for Christmas to baby. Shoes are a simple stock on hand, and men's clothing is in an adjacent room. The youngsters in the picture is so proud of the hat—and it has leather on it—that he would not allow anyone, including mother, to remove it from his head.

Mr. J. R. Nutt, Visiting Teacher for the Glades, an employee of the County School Board reports: "My job is to visit families who have children of school age who are not in school. I attempt to convince them of the necessity for the children to be in school, and to do whatever is necessary to accomplish this. Often the excuse is given, 'The children have no fit clothes for school' or 'We have no money to buy books and lunch.' On many occasions I have taken families to Mrs. Price and she has outfitted the entire family with clothes and shoes; we have paid the rent, given orders for groceries and provided the school children with lunch until the bread-winner produces an income. No questions are asked, except as to actual need."

The stock of the Migrant Committee includes baby foods, some baby furniture; and the Committee has money in the bank, for emergency needs of migrants.

Mr. Nutt's report would shame Ed or anyone intimating a "lack of care for those who harvest the crops" and reference to "slaves."

He reports an occasion where he baby-sat while an ambulance took mother to the hospital in a race with the stock.

Mr. Nutt's job is to search out those not in school, and leads to much work as a welfare agent, which is not shirked.

Mr. Nutt, incidentally, is a former County School Superintendent from Alabama, and is highly rated professionally.

Driver Missing In Two Car Crash

Paul Jennings reportedly driving a '55 Ford seemingly has completely disappeared following a collision by his car with that of James Chalker of Belle Glade Road, Pahokee, who is in the Belle Glade Memorial Hospital with painful injuries.

Three passengers in the Jennings car, one of which is the owner of the car driven by Jennings, allegedly are also suffering painful injuries from the accident.

Police report that the Jennings car apparently on the wrong side of the road when it collided with the Chalker car and upended itself in the opposite direction before coming to rest.

The cause of Jennings' disappearance apparently comes from the fact that there is no report of a driver's license in his name.

Reports from his wife are that he has not been seen since the accident.

Murrow's Shame

Pahokee, South Bay Join Action

Secretary I. L. Price informed the regular meeting of the Board of the Belle Glade Chamber of Commerce Tuesday night that the Pahokee Chamber had called to say that they "join 100 percent in the effort already made and whatever efforts will be made to combat the effects of 'Harvest of Shame'."

Monday night the South Bay City Commission authorized the same action, with offers of help.

Instructions were issued that Pahokee and South Bay be asked to add to the Citizens Committee and to furnish support evidence that they may have to contribute to the effort.

Both communities were welcomed heartily in this joint effort.

Roberts Asks Local Bill Planning To Reduce Jams In '61 Session

"It has been apparent for some time that the legislative control over the flood of local bills introduced during the last thirty days of the session must be accomplished," said PB County Representative Emmett Roberts.

Local bills are those having to do with the county represented by the introducing legislator only, and an agreement by the Legislature to delete bills on opposition of other legislators, usually.

"With so many bills crowding the calendar on the closing days," continued Mr. Roberts, "the legislators do not have the time to give attention to general statewide bills that are important to all the citizens of Florida."

At the legislative conference held in Boca Raton the weekend of November 25th and 26th the members of the House of Representatives passed a resolution restricting local bills to be filed with the Chief Clerk of the House by March 28th, a week before the convening of the Legislature.

This means that all municipal

Urban Felsing, Chairman of the Citizens Committee (end of table) giving a report to Phillip Morris' representatives.

The visitors are (l to r on Felsing's right) Phillip Morris men, as is the second on his left. Emmett Roberts and Doug Wooten are on left of picture. Bob Lanier's cigarette and glasses identify him back to camera. From right to left Chief Goodlett, City Manager, Talmadge and George Young listen intently. Luther Jones has just completed brushing his hair back but is listening intently.

The visitors were sold as were the hosts, on this occasion.

Post Office Hours Preceding Christmas

Beginning Monday, Dec. 12th, the Belle Glade Post Office will remain open 8:30 a. m. - 6:00 p. m. daily including Saturdays thru Dec. 24th for stamps and parcel post. Also on Sunday, Dec. 18th, the stamp and C. O. D. window will be open noon to 4:00 p. m. No Sunday carrier delivery is contemplated for this year. Money order hours will remain unchanged.

Auction Sale Good

Bull Buyers Scarce

John Cummings who has raised Herefords for 47 years may have flinched but he brought them to sell, and he sold them. The lot averaged \$246.15, with Ray Raulerson taking 24 that he does not need.

Mr. Cummings has arranged to sell 70 bulls here next year, from his outstanding Hereford herd.

On the 19th there will be the Floyd Moore Bull Sale, but there will be no sale on December 20th.

The regular auction sale found southern animals selling \$1-2 higher and stockers holding steady with last week's prices.

December 5, 1960

677 Cattle, \$61,636.90; 67 percent to Slaughter; 33 percent went to Stockers; 31 percent of the run was cows, 78 percent (Continued On Page Eight)

Sponsoring Phillip Morris Denied Privilege To "See Or Edit" Film

"It was taken or leave it, despite protest," says James C. Bowling, director of public relations of Phillip Morris, "and, relying on our belief that it would be an outstanding public service featuring a true picture of the migrants, we purchased these programs, two of which already have been shown with satisfactory reaction from viewers."

"Since investigating here on the ground, at the instructions of our president, we feel that your protestations have a well-grounded basis of fact supporting them."

Four representatives of the Company came to Belle Glade Saturday afternoon, and met with the Chamber of Commerce Citizens Committee were hastily rounded up from both tube, dinner tables, football games and other miscellaneous Saturday afternoon duties and pastimes, to meet with the visitors for near two hours.

US Senator Williams Of NJ Praises Glades

Senator Williams of New Jersey visited Florida and the Glades this past year as a part of his investigation throughout the country on migratory labor and had lunch at the Oceola Labor Camp.

As Chairman of the subcommittee studying legislation the Senator took testimony and acquainted himself with conditions and the progress made in meeting the problems of communities with migratory labor.

The Senator's sentiments concerning the outstanding progress of the Glades in meeting problems of migratory labor are most complimentary, and they have been expressed across the nation.

We'll take the Senator's statements, unadorned, anytime if Ed will publicize them.

The Senator's interview over the ABC network Sunday at 1:30 on Migratory Labor has been called off, according to his office in Washington, Wednesday morning.

Another Who Trusts CBS And Murrow

There's a vacancy in Belle Glade's High School faculty, but an apparently satisfactory applicant has been engaged to interview Principal Pellon Morris on Saturday morning, November 26th.

Belle Glade Schools Get Heating Plants

At its last meeting the County School Board authorized a contract calling for heating equipment in the Belle Glade Elementary and Lake Shero (negro) schools.

Atlantic Fuel Co., of Lake Worth was the low bidder in each case.

This Is Your Chamber!

When personal affront, anger and distasteful thoughts mellowed at "Harvest of Shame," President Felsing called a special meeting of his Board, and secured prompt authority to organize a Committee to study and combat the effects of Mr. Murrow's shame.

The Committee was charged with "collecting information backed by substantiated facts, and to make recommendations as to action." It is a cross-section of Glades activities, and is doing a job that has brought "many frightened friends into our fold."

It's continuing work is most heartening, and supporting evidence is piling up.

Say "Thank You," when you meet your President, your Secretary, or a Board member—deserves it, and they will accept these words with more appreciation than they may acknowledge a bouquet when "they're six feet under."

Murrow's Shame Is Harvest Indicated By Glades Folks, Facts And Fight

Unexpected, substantial and effective facts of confirmation, folks of far-away origin and weighty influence; and fighting spirit with meaningful purpose appear almost hourly by mail, by telephone, by news reports and by personal contact at the Chamber of Commerce office in Belle Glade in its efforts to overcome what may well be an orderly fashion, so that even a subject will be covered, and a Screening Committee meets tonight at 7:00 o'clock.

An offer has come in by a competing system to make a half-hour film showing "the other side" and is being considered by the Committee.

Committee members have made preliminary reports on the particular subjects assigned to them and a Screening Committee is at work classifying and collecting germane facts in an orderly fashion, so that even a subject will be covered, and a Screening Committee meets tonight at 7:00 o'clock.

These two experts, Time and Ralph, are ample evidence of the charge of gross misrepresentation.

(Continued On Page Eight)

Pitty-Pat - How To Play It!

Photo BY AVELL
We don't know either, but this, we are informed, is the most popular position of players. Ed Murrow is inviting "at it" and learn the game, and we believe these three could "earn him."

Bean picking began in this field Monday morning December 5th at 8:15 and this picture was taken at 8:25 and NOT POSED.

"\$1.00 For An 8-10 Hour Day"

These typical bean pickers' picture taken Monday morning in the field of I. D. Walker, with contractor Jack Miller and Young Johnny Miller is shown discussing the field with them. The Caddie and '59 Galaxie in rear are bean-pickers cars, not the boss."

New York may vie with Paris in dress designing, but uniform of the day for bean pickers is strictly Fifth Avenue job—Fifth Avenue in Belle Glade, yes, she has on pants, full length with a skirt over; the full-skirted is an appropriation from a man's wardrobe also.

Photo BY AVELL

Editorials

GRASS ROOTS OPINION

"There's no such thing as a 'git' from government. It's a loan from ourselves and our children."

"Out of recent automobile group meetings comes the sordid story of methods practiced by the Teamsters' Union to fight the piggyback plan used by the railroads. . . According to reports quantities of acid are being poured from under-pass bridges on the tops of new cars as they move along beneath."

—Wash., Iowa, Journal

"It is our responsibility to educate our children, to support the members of our family in need, and to aid our neighbors who are in want. Life is not a game; we have to do our part. No government can be all things to all men and we face responsibility now we will find our lot much tougher in the future than we dreamed life could be."

Beeville, Texas, Bee-Picayune

"No American knows more about the threat of Communism to America than does J. Edgar Hoover, FBI director. Repeatedly he has warned that the leaders of international Communism consider the United States as the symbol of the free world and that they cannot achieve their goal of world domination until the Red flag flies over this nation."

"Mr. Hoover cannot understand why a people who approve a yearly expenditure of \$40 billion for military defense against the Reds are so apathetic about Communism's infiltration into every segment of our American society."

—Hagerstown, Md., Herald

HIS Harvest IS Shame!

Whatever good comes from Ed Murrow's great deceit practiced on trusting and cooperative citizens, public officials and organizations we believe will come from the SHAME heaped on himself, the broadcasting system which loaned itself to his machinations and to the television industry, thereby forcing corrective regulations by FCC and bringing more character into the industry.

There's no doubt that the "ten hours work for \$1" is flagrant misrepresentation; there is no doubt that, "\$15 per room per week" is a flagrant misstatement of facts; there's no doubt that "one in 5,000 children of migrants" graduate from college, is not based on fact; there's no doubt that the Secretary of Labor needs to be informed about "subsidization of farmers' crops"; there's no doubt that the overall story carried to the public is not justified by a semblance of fact—it's a distortion of an admitted problem.

The "possible deterioration of Democratic thinking," the "implementing the vulnerability to all types of ISMS" and the "irreparable damage to the television viewers" pointed out by Belle Glade's City Commission are more serious to America in general than the misrepresentation and hurt to a comparatively small percentage of America's population—the Glades.

The cause brought to the attention of the Federal Communication Commission which "undetermined the public's confidence in the accuracy of the broadcast industry" to present factual material uncolored "is a tearing down of America's regard for those in positions of trust."

Who most in the world wants and promotes this "tearing down of trust in public officials, organizations and industry," in America?

Sophie Jafe, a teacher of 25 years' experience, recently said this to a teachers' meeting: "We are going overboard these days on the idea that, by giving our children the best and the most, we make them happy, well-rounded individuals. Today's children have television sets in their bedrooms, carry transistor radios to school, and brag about the money they spend. . . What we need is to get through to the parents that their children must be taught at home that they cannot have everything they want, that money and material abundance are not the acme of American democracy."

Meeting Of The Board Of Supervisors Of South Shore Drainage District

A meeting of the Board of Supervisors of South Shore Drainage District was held in South Shores, Florida, November 23, 1960, at the residence of the President, Mr. W. C. Creech, 23, 1960, at the residence of the President, Mr. W. C. Creech, 23, 1960, at the residence of the President, Mr. W. C. Creech, 23, 1960.

Resolution

WHEREAS, Mr. Wm. C. Owen for a period of more than 20 years has given his time, thought and effort for the benefit and well being of this District, and this Board at it's first meeting subsequent to Mr. Owen's passing wishes to record its respect and admiration for Mr. Owen as a man, a co-worker and administrator.

NOW, THEREFORE BE IT RESOLVED, that this Board hereby express its great loss and deep regret to Mr. Owen passing and acknowledge its great loss.

BE IT FURTHER RESOLVED, that this Board express its appreciation for the fine service which Mr. Owen so willingly and conscientiously gave for the benefit of this District, and

BE IT FURTHER RESOLVED, that copy of this Resolution be spread upon the minutes of this meeting, and

BE IT FURTHER RESOLVED, that copy of this Resolution be published in the Belle Glade Herald and copy to be sent to Mrs. Wm. C. Owen and family.

R. Y. Creech, Chairman

Belle Glade BPWC Protest Resolutions

Harvest Of Shame

WHEREAS the recent TV Show narrated by Ed Murrow, "The Harvest of Shame" depicted the shameful life of the migrants of the nation, but with the emphasis to the effect that Belle Glade was the beginning of such a shameful existence; and

WHEREAS all the efforts made to educate and change the way of living of these individuals was not stressed in the show, as well as the implication that farmers were paying a shameful wage to these people; and

WHEREAS adverse publicity appears the lot of the City of Belle Glade and other areas so mentioned; therefore be it resolved that

The local BPWC club joins its protests with those of other civic clubs and the City of Belle Glade and pledges its utmost to clear this situation in minds of those who do not know the true picture of the migrant, and be it further resolved that

A copy of this resolution be sent to the City Commission and the Chamber of Commerce.

Cuban Imports

WHEREAS the livelihood of this community is virtually dependent upon growth and eventual sale of vegetables grown here; and

WHEREAS unfair competition with US products results with the sale here of imported fruits and vegetables from Cuba and labelled "communist Cuba due to lower wages paid and therefore lower selling prices; and

WHEREAS Communist dominated Cuba has been free to export to us all commodities with the exception of sugar resulting in an imbalance in our trade program; and

WHEREAS the economy of the area is threatened with this importation besides giving assistance to the communist cause; therefore be it resolved that

The local Business and Professional Women's Club protests such action and joins other organizations with an appeal, thru our congressman, to President Eisenhower to invoke section five of the Trade Agreements Act of 1951 to embargo imports of vegetables and fruits from Cuba.

Uncle Dan From Democrat River

Dear Mister Editor:
I see by the papers where Senator Byrd says some fellow wandered into the State Department by mistake and worked there three years after it was discovered he belonged in the Department of Agriculture. I think that would be a good idea if the Congress would conduct a survey every year to find out how many Government employees in Washington are in the right department. Under the Fifth Amendment, of course, it might not be possible to move 'em. Yours truly, Uncle Dan

March Of Dimes Gives Health Scholarships

Ten (10) Florida students have been awarded 1960 National Foundation health scholarships for the March of Dimes organization, announced. Each year more than 500 scholarships are offered nationally to qualified young Americans seeking careers in medicine, nursing, physical therapy, occupational therapy or medical social work. Each scholarship is for \$500 a year for four years of college or university education. These scholarships actually are gifts of the American people through their March of Dimes contributions, Mr. O'Connor said.

"It is an honor to present them to these outstanding students who have chosen the health fields for their careers. The shortage of people trained in this area is acute and grows more serious every day. The young people receiving these scholarships will one day help ease that shortage," Mr. O'Connor said. This is the second year health scholarships have been awarded. They represent a part of the expanded program of The National Foundation which has been seeking to prevent birth defects and arthritis in addition to continuing to seek total prevention of polio. Winners are selected with emphasis on each state composed of five state health officers representing the five major professions included in the program.

Your Library

How much time do you invest each day in reading? What conscious effort do you make each day to increase your mental capital? . . . says George Callahan, "is the one certain way to improve oneself. In a world which grows more complex, it is almost inconceivable that any person who wishes to keep himself well informed on matters vital to himself and his children and who wishes to improve his lot can achieve at least two hours each day in reading."

The book for this week's reading is *Walk Egypt* by Winnie Williams. This is the kind of novel, rare for these days, which readers will not merely like, they will speak of "loving" it. It is about a woman who wants desperately to be a better person. . . . It has for its setting a beautiful and authentically portrayed region of contemporary America, the Georgia Hills; most importantly, the story is emotionally and humanly true. The story of Toy's regeneration is an eventful, vivid and sometimes (for its unparelleled beauty) shocking tale that spans the years and gains intensity. —The Herald, its people, and their humorous, wise and colorful talk are completely alive. (Mrs. Clemens selected this book.)

Annual Dinner Meeting Set By PBC Cattleman

The Palm Beach County Cattleman's Association will hold its annual meeting, Tuesday, Dec. 13 at 7 p. m. at the Canal Point Community Center. This will be a covered dish luncheon with the wives invited. The association will furnish the meat, bread and drink. Each individual should bring either a vegetable, salad or dessert dish. There will be a short business meeting, election of officers for the coming year, followed by entertainment. Herb Chapman, program chairman, hopes to see everyone. Entertainment will include square dancing.

Thought TB most often attacks the lungs, it is also found in many other parts of the body

Though TB most often attacks the lungs, it is also found in many other parts of the body including bones, brain, spinal cord covering, skin and abdominal organs.

Send Christmas mail going long distances before December 10th. Follow up promptly with cards and gifts for local delivery. Mail "Early and Often" for a merrier Christmas!

So, Bell Expands Housing Facilities

Work is underway on a new \$27,000 addition to the local Southern Bell Telephone building at 108 S. W. Avenue "C".

The new addition will make room for dialing equipment necessary to meet the demand for new service in the community. Bob Lee, Manager for Southern Bell, said the new space is scheduled to be occupied January 28, 1961.

Lee said the construction is another step in Bell's program to expand service in Belle Glade, South Bay and the surrounding area.

Mail Early For Christmas

Postmaster George P. Parnell said today, "Early mailing of all Christmas cards and gifts is the biggest single factor in getting all of the mail delivered before Christmas. Post Office facilities have been expanded, extra help will be available, and everything is geared up to handle the Christmas mail in Belle Glade this year."

The entire Christmas mailing period is a big battle against time.

The Postmaster advises, "Don't take chances on mailing poorly wrapped packages. Use sturdy corrugated mailing cartons, plenty of heavy wrapping paper and strong cord. Carrying containers several gift packages should be well stuffed with tissue or old newspapers to cushion the contents."

He said further, "If you have articles of unusual size or bulk, better check with the Post Office before attempting to mail them. The limits of size and weight of packages vary, depending on whether you mail your packages from."

Always send your Christmas cards by First Class mail and be sure to include your return name and address on each Christmas card envelope.

Send Christmas mail going long distances before December 10th. Follow up promptly with cards and gifts for local delivery. Mail "Early and Often" for a merrier Christmas!

THANK YOU

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered.

The family of

Mrs. Mulberg Entertains At Coffee

Mrs. Victor Mulberg entertained at an afternoon coffee honoring the committees working on the District Garden Club meeting held here recently.

An arrangement of sweetest roses centered the table covered with a white linen cloth with a silver tea and coffee service at either end. An assortment of cakes and cookies and tea, coffee, nuts and mints were served.

Mrs. L. P. Halbrook, Jr., won the door prize.

Attending were Mrs. L. C. Strayer, Mrs. Lonnie Warren, Mrs. Halbrook, Mrs. Thale Richardson, Mrs. Ray Browne,

Mrs. F. E. Hollingsworth, Mrs. R. E. Watson, Mrs. Leo D. Rustin, Mrs. J. A. Ponder, Mrs. Glenn Smith, Mrs. Iron Van Horn, Mrs. Luther Jones, Mrs. Edward Logan, Mrs. Donald Aspey, Mrs. C. J. Aspey, Mrs. Carl Hayes, Mrs. W. R. Hooker, and Mrs. George Rawls all of Belle Glade, and Mrs. H. M. Intosh, Mrs. Floyd Hundley and Mrs. Frank Friend of Pahokee.

Games were played and prizes presented to Alice and Margie Stevens, and Bobbie Ford.

Among the guests were Ricky Berryhill, Rhonda Love, Joyce Iler, Ronnie and Donnie Bryan, Kenny Throp, Margie and Alice Stevens, Debbie Stays and Lenore Fryer, Carolyn Pelka, Donna Gail and Ann Chaney, Barbara and Hal Meeks, Becky Wells, Butch Danilevit, Tommy Dillo, Mike Rawls and Bobbie Floyd.

Assisting Mrs. Robinson were Mrs. Pauline Love, Mrs. Sam Tier, Mrs. Margie Dillo, Mrs. C. W. McDonald, and Mrs. Rawls.

Mrs. Jones is Judge At State Flower Show

Mrs. Luther Jones, of Belle Glade, Mrs. Celia Grant and Mrs. May Montgomery of West Palm Beach helped to judge at the Florida Federation of Garden Clubs Flower Show at Sanford Tuesday.

The outstanding flower show was held in the new civic building and staged by the eight circles of the Sanford Garden Club. Mrs. Jones in addition to judging also won four blue ribbons in horticulture.

The ladies drove to Sanford on Monday and returned Wednesday.

The Woman's Page:

All social notes and items of social interest should be communicated before noon Tuesday to insure publication the following Thursday.

Billy Robinson, 5 Honored At Party

Gaily colored streamers, lanterns and balloons decorated the park shelter for Billy Robinson's party in celebration of his fifth birthday. His mother, Mrs. William S. Robinson, entertained 24 of his friends for the occasion, and also eight adults.

The refreshment table was covered with a cloth decorated with little boys and girls at a party, with napkins, plates and cups to match. A beautiful cake with pink and blue roses, blue candles and Happy Birthday was centered with a deal of a cowboy on a horse. Punch, cake and party cups and treats with mints and nuts.

Games were played and prizes presented to Alice and Margie Stevens, and Bobbie Ford.

Among the guests were Ricky Berryhill, Rhonda Love, Joyce Iler, Ronnie and Donnie Bryan, Kenny Throp, Margie and Alice Stevens, Debbie Stays and Lenore Fryer, Carolyn Pelka, Donna Gail and Ann Chaney, Barbara and Hal Meeks, Becky Wells, Butch Danilevit, Tommy Dillo, Mike Rawls and Bobbie Floyd.

Assisting Mrs. Robinson were Mrs. Pauline Love, Mrs. Sam Tier, Mrs. Margie Dillo, Mrs. C. W. McDonald, and Mrs. Rawls.

Mrs. Luther Jones, of Belle Glade, Mrs. Celia Grant and Mrs. May Montgomery of West Palm Beach helped to judge at the Florida Federation of Garden Clubs Flower Show at Sanford Tuesday.

The outstanding flower show was held in the new civic building and staged by the eight circles of the Sanford Garden Club. Mrs. Jones in addition to judging also won four blue ribbons in horticulture.

The ladies drove to Sanford on Monday and returned Wednesday.

Annual Turkey Dinner Set By Garden Club

The Belle Glade Garden Club will have its annual Turkey Dinner and Christmas gift exchange December 15. The dinner will be catered by the Women's Society of Christian Service at Jameson Hall at 6:30 p. m.

The program will include slides of native flowers and Mrs. H. C. Graham will be guest speaker. Mrs. Lonnie Warren will be Christmas tree chairman and the gift exchange will be in charge of Mrs. Kay Hayes.

Reservations for the dinner must be made by Monday, Dec. 12 according to Mrs. Herbeck, by calling any one of the committee, Mrs. Carl Hayes, Mrs. H. R. Collins or Mrs. Beek.

Program Will Feature Making Of Corsages

Mrs. Luther Jones will present the program on "Corsage Making" at the meeting of the Garden Club, Dec. 9. The contest will be on Poinsettia Specimens (potted to cut), and Christmas composition. Mrs. Robert Abel will be hostess.

Christmas Seal Sale Saturday At South Bay

Mrs. W. C. Allen, Christmas Seal chairman for South Bay has announced the following: They will sell Christmas Seals Saturday.

Sandy Goodbread, Doris Williams, Cindy Goodbread, Margaret Bailey, Linda Woodridge, Lou Ann Martin, Gail Sullivan, Lynn Alkin, Marilyn Stokes, Rhonda Walker, Kathy Connors, Pam Cooper, Louella Taylor, Patricia Temples, Brenda Kelly, Treva Wilder, Sharon Roberts, Retia Leathland, Susan Winterwood and Sandra Wilson.

The ladies drove to Sanford on Monday and returned Wednesday.

See A Rainbow Girl For Xmas Trees-Cakes

Rainbow Girls are striving with all their efforts to support themselves through money making projects and carry on their various service projects.

At this time all the members are selling and taking orders for inexpensive gifts of plastic Christmas cakes filled with candy and also Christmas trees. The attractive packages are nice to give or use for decorating. If you have not purchased yours, contact a Rainbow Girl and she will fill your order!

Barbara Masonic Set Wedding Day

Mrs. and Mrs. William Edward Masonic of South Bay announce the engagement and approaching marriage of their daughter, Barbara Joyce, to Larry Benson Elliott son of Mr. and Mrs. Thomas L. Elliott Sr., of Pahokee.

The bride-elect is a graduate of the 1958 class, Belle Glade High School, and is currently employed as bookkeeper by Hugh H. Branch, Inc., Pahokee.

Mrs. Elliott graduated from Pahokee High School in 1959, attended Florida Christian College, Tampa and Palm Beach Junior College, Lake Worth. He is now employed by the Palm Beach County Sheriff's Department, Belle Glade.

The wedding will be an event of December 28, marking the 25th wedding anniversary of Mr. and Mrs. Masonic and the 20th wedding anniversary of Mr. and Mrs. Elliott. The ceremony will take place in the Community Methodist Church, Belle Glade.

Clark - Tatum Vows Planned

Virginia Clark, 105 N. W. 12th Dr., and Gerald Tatum, service manager at Hendry Tractor Co., are announcing their engagement and plans for their forthcoming marriage.

The wedding date has not been set but will be announced later.

Garden Club Will Meet With Mrs. Frank Friend

The Belle Glade Garden Club will meet at the home of Mrs. Frank Friend in Pahokee for the December 8 meeting at 3 p. m. The program will be on Christmas Arrangement and the guest speaker will be Mrs. Harry McIntosh.

Mrs. Friend and Mrs. J. P. Halbrook, Jr., will be hostesses.

Belle Glade Personal Notes

Corky and Mickey McKee of Lake Placid, formerly of Belle Glade, were recent visitors in families Mr. and Mrs. Kenneth Ft. Lauderdale. Their brother, Jerry visited his grandparents, Mr. and Mrs. W. J. Rawls, here and Mrs. Harold McKee visited Mrs. Dorothy McDonald, a patient at the local hospital, who is now at home.

C. W. McDonald went on his annual hunting trip to Ludovici, Ga., for a week and visited Mrs. McDonald's sister and brother-in-law.

Mrs. Margaret Weirick of West Palm Beach is working at the City Hall taking the place of Mrs. Mary Johnson. Mr. and Mrs. Johnson have moved their residence to West Palm Beach.

Mrs. and Mrs. Ralph Kidder left Monday a. m. for Gainesville, where Mr. Kidder attended to business at the University of Florida. They returned Wednesday.

Terry Sands has returned from Chautauque, Ill., where he attended a pinsetting Training School for three weeks. He is pin machine at the Glades Bowling Lane.

Mrs. Anna Keen of Winter Park former principal at the Elementary School here visited relatives in Pahokee and South Bay and friends in Belle Glade recently.

Mrs. and Mrs. C. J. Aspey returned Monday a. m. from Coral Gables where they were guests of Mr. and Mrs. George Gillen since Friday.

Mr. and Mrs. Thompson, Sr., suffered a fall last Wednesday, breaking a bone in her foot, but is reported getting along fine with the use of crutches.

Miss Banna Rodriguez of West Palm Beach was overnight guest of Mrs. Vera C. Jones. Miss Rodriguez made the trip to Belle Glade to speak before St. Philip's A. S. Society.

Pfc. James McNeill of Fort Bragg, N. C. spent the weekend with his uncle and aunt, Mr. and Mrs. R. E. Watson and family.

Miss Crosby Named BPW 1st Vice-Pres.

Resolutions Passed

Resolutions were passed by the Belle Glade Business and Professional Women's Club, protesting "The Harvest of Shame" film shown over CBS and also Cuban imports at the business meeting held at Everglades Savings and Loan Building Monday night. (Resolution on Page 2).

Among other important business the club approved the appointment of Miss Gloria Crosby as first vice-president to fill the office of Miss Rachel Rodgers. Mrs. Rodgers effected her resignation and will be leaving Belle Glade as of Dec. 31, on receiving orders to report for duty in the Air Force. The club received her resignation with regret.

Copies of the estimated budget for the year were presented each member, voted on and accepted. Reports were heard including the treasurers and public affairs chairman. Plans were discussed for the Christmas party to be held at the home of Mrs. W. R. Hooker, Dec. 19. At that time members will bring foods or money which will be designated to each member, for filling Christmas baskets for needy families.

Mrs. Dorothy Jones, second vice-president, presided. Mrs. Rosa Nash was still unable to attend on account of illness. Others present were Mrs. Corinne Tuttleworth, Miss Gloria Crosby, Mrs. Alice Huebner, Mrs. Margaret Mullen, Miss Lela Ann Binkley, Mrs. Iversie Ashley, Mrs. Jaunita Croft, Mrs. Jean Helveston, Mrs. Letha Rockwell, Mrs. Helen Morris, Mrs. Agnes Gressinger and Mrs. Kathleen Livingston.

Christmas Seal Booths Open Monday

Christmas Seal Booths will open Monday in most towns throughout the county to make seals available to those who do not receive them through the mail, according to Mrs. Stanley Grimal. Christmas Seal Chairman of the Palm Beach County Tuberculosis and Health Association.

Mrs. Francis Harris, health chairman of the Women's Club of Belle Glade, sponsoring the Seal sales here, announces a

booth will be open beginning Monday, Dec. 12 and continuing through Dec. 16. The first three days—Monday, Tuesday and Wednesday the booth will be located at the Florida National Bank, and the remaining two days, Thursday and Friday at the Belle Glade Postoffice.

Mrs. Harris also announces that those wishing to pay for seals they get through the mail, may do so at the booth and they will get immediate credit as the proceeds will be sent in each day.

Other Seal chairmen in the areas are Mrs. W. C. Allen, South Bay and Mrs. A. B. Statins, Lake Harbor.

Lions Sell ICBM Atlas In Colored Pictures

Lion Ed Lively as program chairman for the day, gave his club an interesting program with pictures taken by the Air Force of preparation, firing and flight of the Atlas ICBM.

The separation of the first stage from the missile was shown, and pictures of the recovery of the cone from the ocean within the target area.

This test flight demonstrates that a war head might be sent 5,000 miles to a designated target with reliable probability of doing its job.

Roberts Asks Local Bill (Continued From Page 1)

that no local legislation can be introduced and passed in the last thirty days of the legislature except in an emergency, and then only after it is cleared by the Rules Committee.

"Unless there is a general bill making the necessary population acts constitutional, the flood of necessary local population acts will be terrific," says the legislator.

"Actually, there is no reason why local legislation cannot be introduced and passed only in an emergency, but through custom and lack of planning many municipalities, or their attorneys, are submitting them until the final thirty days."

Years ago the Resources Development Board's proposal that legislative clinics be held around the county was followed by the then Palm Beach County Delegation and has been followed by succeeding delegations, and this action has alleviated the last minute jam considerably. It is required that all local bills be submitted to the Delegation and discussed at one of these hearings before being eligible for introduction. This is to protect the procedure.

Even with this introduction followed many local bills do not arrive in completed form until the late days of the session.

"Our Palm Beach Delegation will again hold these county-wide clinics to discuss the offerings and enable citizens forums and expressions of opinion. These clinics will probably start the latter part of January and end in March."

"When it is considered that the legislature was faced with over 3,000 bills introduced in the short space of sixty days, and over half of these local, the need for some system is evident."

"The paper work necessary to insure that errors have not crept in to cause serious consequences, creates a jam in the Clerk's office; the legislator's time is consumed in the closing days to be sure the bill insures its purpose, making amendments, if necessary, is an added burden in the closing days, when a legislator should be alert and always on the job."

"Whether the proposal will be considered by the '91 session is questionable, but, in my opinion it is a step in the right direction. It will require the cooperation on the part of all municipalities and others who seek to have local bills."

In the resolution referred to, it is said:

"46 percent of all House local bills were introduced in the last two weeks of the '59 session (463)."

"41 percent of all Senate bills passed were sent to the House during the last two weeks (286)."

"52 percent of all House bills passed by the Senate were returned to the House during the last week (230)."

"40 percent of all Senate bills passed by the House were returned to the Senate the last week (230)."

"48 percent of all House bills passed by both houses were delivered to the Governor's office after the close of the session (733)."

"37 percent of all Senate bills passed by both houses were delivered to the Governor's office after the close of the session (205)."

It seems that both the House and the Senate have been dragging their feet, and have resolved to mend their ways, and make the public mend its ways.

Jack Miller, contract picker, is harvesting this crop picture taken at approximately 8:30 a. m. A general average of three hampers had been picked per person, according to Mr. Miller at the time the picture was taken, an hour and a quarter after entering field, with 70c per hamper being a paid.

The object in the right background is a field wagon, or lunch wagon, screened and passed by health authorities, which goes with the crew in the field selling sandwiches, cold hot drinks and edible nick-knacks.

Three Down—Some To Go: Glades Farm Subsidy Murrow 'Boo-Boo'

Among "Boo-Boo Ed's" Harvest of Shame's delinquencies we find "farmers are subsidizing."

Current mail brings appeals to farmers to apply for ACP checks in the following language: "Has the mailman delivered an ACP check to your farm?" You may be an eligible farmer or rancher who has passed up the ACP in the past years."

There is then listed 17 items having to do mainly with prevention of soil erosion through cover crops and water control facilities, with the Soil Conservation Service determining need and practicality, and performance.

Turnpike's Earnings Make Pa-Qua-Min!

When you and I buy something on "installments" or buy a home on a mortgage our "pa-quin" the record of promptness with which we make these obligations is very important to any future financing.

Florida's turnpike has "pa-quin" too, and has made a pretentious record of paying the "installments" and some of the borrowed money.

For the 36th consecutive month revenues have shown an increase over the same month of preceding years, with number of folks using the pike, number of miles travelled, money taken in, and net left after expenses, of around 11 percent.

For October 31,842 vehicles using the pike paid \$388,676 for a \$93,329 increase.

Chairman Manual reports that \$875,000 was paid during October on the bonds, bringing the total now due to \$65,350,000 as against an original borrowing of \$74,000,000.

Rice at Glades Bld

Rice growers of Palm Beach County and all other rice-producing areas will vote Tuesday, December 13, in a referendum to determine whether marketing quotas will apply to their 1961 crop. County Agricultural Stabilization and Conservation Committee Chairman A. R. Harrington announced today.

If marketing quotas are approved by two-thirds of the growers voting in the referendum, price support will be available to cooperators in the rice program at not less than 70 percent of parity, the minimum permitted by law. The actual support rate will be announced some time after January 1.

Voting in Palm Beach County will take place between the hours of 8:00 and 6:00 p. m. Community polling places in the county are as follows: Glades Office Building, Belle Glade.

Young Will Attend Rites Held Sunday KC Marketing Meet For Sam McKinstry

Leaving this month for the annual Livestock Trade Association Assembly of the National Association of Livestock Auction Markets in Kansas City, Mo., Dec. 10 and 11, is George C. Young, Glades Livestock Market Assn., Belle Glade, Fla.

Young will take office as director from this state in the trade association of National Certified public livestock markets and will be inaugurated into office at an installation banquet Saturday, Dec. 10, at the Hotel Muehlebach.

The Assembly is a two-day business meeting of the governing bodies of the industry. More than 250 prominent marketmen from throughout the country are expected to be present as members of the board of directors, serve councils and policy committees.

Nationally Certified markets gain their designation through adherence to an industry adopted Code of Business Standards governing their operations and services. Such identification has about payments for non-production, and this acreage is negligible.

No crop in production in the Gladesland receives any government subsidy, as a crop.

The benefit payments on insurance production are for control of source of supply, and each year since its inception the program has returned to the U. S. Treasury a profit from import and processing tax.

This is the third of Ed's illusions pointed out, namely: "If for 8-10 hours slave labor to feed 14 kids; lack of school facilities; and farmer subsidy.

Ponies For Xmas Offered In Glades

The Glades Livestock Market is offering 12 half shetland ponies, 2 and three years old, and about 40" high on December 19th, for the "younguns."

John Evans and his mother, Mrs. Jane of Bean City are old timers in the raising of purebred and grade ponies, and report considerable activity from south Florida customers.

What will be more appreciated by the little ones than a pony by Santa?

Williams Wetherington Funeral Home, Pahokee was in charge of arrangements.

Murrow's Shame (Continued From Page One)

tion in that a false story was told to them, and they believe, depending on the reliability of documentary films.

Organizations of agricultural producers, the Governor of the State the paying sponsor, Philip Morris, and many others not yet reported are agreeing with the City's "allegations."

Particulars in story form you will find in picture and words in other parts of THE HERALD.

hokee in 1930 from Homestead. He was well known in the Glades area as a farmer, vegetable harvest contractor and builder.

He was a member of the Pahokee BPOE Lodge 1638, and a Shriner in the Masonic Lodge.

Survivors include his widow, Jennie, two sons, Samuel Jr., and William all of Pahokee; three daughters, Mrs. June Rodgers, South Bay, Mrs. Virginia Grosman, Ft. Lauderdale; Mrs. Johanna Tillis, Pahokee; a brother and sister in Ireland and 19 grandchildren.

Services were held Sunday at 2 p. m. at the First Baptist Church, Pahokee with Rev. Charles Crauswell, pastor of the Nazarene Church officiating. Burial was in Port Mayaca Cemetery.

Palibearers were Elmer Jones, Carmen Salvatore, Louis Gold, Jack Spenser, Lloyd Hundley and Thad Hindman. Honorary palibearers were members of the Elks Lodge, Masonic Lodge, OSS, Mohl Temple Shrine, Miami.

Gravestone rites were conducted by the Masonic Lodge of Pahokee.

Williams Wetherington Funeral Home, Pahokee was in charge of arrangements.

A Tragic Disease But

Tetanus, the deadly "lock-jaw," has killed six and caused serious illness to twenty persons in the first ten months of this year, the Florida State Board of Health reports.

Tetanus is caused by a germ which lives in the soil, and can enter any wound, at time of injury or later, according to Dr. James F. Molloy, Epidemiologist with the Bureau of Preventable Diseases of the agency.

Tetanus is a year 'round problem in Florida in contrast to its late summer appearance in most of the rest of the nation. "Tetanus is one of our most deadly, and yet is completely preventable," said Dr. Molloy.

"Tetanus immunization is one of the three protective shots given to most babies. But this protection diminishes with time, and a person should have booster shots at three to five year intervals for the rest of his life. This applies to everyone, but especially to active outdoor workers and sports and garden enthusiasts. Injuries from insect bites, fish hooks, and even splinters have been known to carry the tetanus spore into small wounds. No one is safe. But everyone can have complete protection simply by obtaining the tetanus shots from a physician. We cannot urge this too strongly upon the people of Florida."

Rams Meet Riviera In Opener-Pre-Season Choice to Win Conference

Jai-Alai Returns

To Palm Beach

Jai-Alai returned to the Palm Beach County area last week as the Palm Beach Jai-Alai Front opened its sixth season of operation on an impressive note.

Before a packed house, thirty-three pelotaries, largest roster to be presented here by players' manager Kiki Valenzuela, gave to the first nighters many a spine-tingling moment.

Trejo, the fiery Mexican showed his competitors many of his tricks which brought him the most wins championship last season as did doubles champions Angel and Ibar. Singles champ Artoaga and Urrutia, the Basque Bull were also crowd pleasers with their uncanny talents on the playing court.

Eleven games are played nightly (except Sunday) with the current season running thru April 1. Pari-Mutuel wagering on the playing court.

The ship departed Pearl Harbor, Hawaii, Oct. 17, and will operate as part of an anti-submarine hunter-killer group and participate in amphibious and defense exercises.

The ship is scheduled to visit Hong Kong, Okinawa, Taiwan, the Philippines and Japan during the overseas tour.

TB in Palm Beach County ... 13 of the 92 were children ... of 14 years of age - making a total of 27 children receiving treatment for TB in this county during the year.

When duck hunting from a boat, two companions should wear in opposite directions. In woods, walking side by side is safest.

The best game bird advice: Always treat a gun as though it were loaded.

SPORTS

MAKE SURE YOUR HUNTING WEEK-ENDS ARE FUN BY FOLLOWING THESE SAFETY GUIDELINES:
CARRY YOUR GUN UNLOADED IN THE TRUNK COMPARTMENT OF YOUR CAR.
LOAD THE GUN ONLY IN WOODS OR OPEN AREAS. NEVER DRINKS TIP A NEW SHOT. UNLOAD GUN BEFORE GETTING INTO CAR AND REMAINS ON.
WHEN WALKING, HAVE THE SAFETY ON. NEVER AIMING POINTED AWAY FROM COMPANIONS.
NEVER GIVE WITH A LOADED GUN AT A WALL OR BARRICADE. ALWAYS RUN ON HAND OR HAND IT TO A FELLOW HUNTER.
WATCH YOUR BACKGROUNDS. HARD FLAT SURFACES HIDE ROCKS.
OTHER TIPS: YELLOW IS THE BEST COLOR FOR HUNTING. OUTCRIES OF "HUNTER" AND "HUNT" ARE THE FIRST SHOTS AT BURN INTERVALS. REPEAT A FEW MINUTES LATER.
WHEN DUCK HUNTING FROM A BOAT, TWO COMPANIONS SHOULD WEAR IN OPPOSITE DIRECTIONS. IN WOODS, WALKING SIDE BY SIDE IS SAFEST.
THE BEST GAME BIRD ADVICE: ALWAYS TREAT A GUN AS THOUGH IT WERE LOADED.

Coach Vince Marquess, basketball coach, announces Belle Glade's opening game opponent is Riviera Beach on Dec. 13. "This is the team that is the pre-season choice to win the Suncoast Conference Championship," he said, "and is led by 7 ft. 7 in. DeWain Hardin. The Riviera team averages 6 ft. 2 inches per man." The second game will be played at Clewiston Dec. 16.

Marquess stated the conference should be much stronger this year with a number of teams fielding extremely tall teams. Without a man measuring over 6 ft. in height, Belle Glade will probably be the smallest team in the conference but it is hoped that speed and desire will overcome this deficiency. The over all ability to score should be improved this year and with improvement in defensive ability, this year's team will be an interesting aggregation to watch, he concluded.

The Rams have three lettermen returning this year: Marvin "Butch" Davis—All conference center 1960, the unanimous choice for the District V All Star Team of 1960. He may not be available to the team due to a knee operation; Clarence Throop, who did not play last year due to an injury will be carrying the rebounding load this year and is in all probability the most consistent player on the squad; Johnny Bass, a good little man who must improve his floor game and defense.

ONE-STOP SHOPPING FOR A NEW CAR at your Chevrolet dealer's!

Now you can make your car-shopping rounds the easy way—all under one roof! For '61 your Chevrolet dealer offers nearly any type of car you could want—at the kind of price that'll make you want it all the more. There's a whole new crop of Chevy Corvairs with lower priced sedans and coupes and four wonderful new wagons unlike any ever built before in the land. There are new Chevy Biscaynes—the lowest priced full-size Chevrolets, beautiful Bel Airs, elegant Impalas, six easier loading Chevy wagons, including three 9-passenger models. Come in and pick and choose to your heart's content!

New '61 Chevrolet
NOMAD 9-PASSENGER STATION WAGON

There are six easier loading Chevrolet wagons for '61—ranging from budget-pleasing Brookwoods to luxurious Nomads. Each has a car-vinyl cargo opening measuring almost five feet across and a concealed compartment for stowing valuables (with an optional extra-coat lock).

New '61 Chevrolet IMPALA 2-DOOR SEDAN

Here's a new measure of elegance from the most elegant Chevrolets of all. There's a full line of five Impalas—each with sensible new dimensions right back to an easier-to-pack trunk that loads down at bumper level and lets you pile baggage 15% higher.

New lower priced '61 CORVAIR 700 CLUB COUPE

There's a whole crew of new Chevy Corvairs for '61—polished and perfected to bring you spryness, space and savings. Lower priced sedans and coupes offer nearly 12% more room under the hood for your luggage—and you also have four new family-lovin' wagons.

New '61 Chevrolet BEL AIR SPORT SEDAN

Beautiful Bel Air, priced just above the thriftest full-size Chevrolets, brings you spryness you can use! Larger door openings, higher easy-chair seats, more leg room in front, more foot room in the rear, all wrapped up in parkable new outside dimensions.

New '61 Chevrolet 4-DOOR BISCAYNE 6

Now—big-car comfort at small-car prices—Chevy's new Biscaynes, 6 or V8, are built to save in a big way. They offer a full measure of Chevrolet quality, roominess and power—and yet they are priced right down with many cars that give you a lot less.

See the new Chevrolet cars, Chevy Corvairs and the new Corvettes at your local authorized Chevrolet dealer's

Good Negro Schools

By Bill Beggs
Reprinted from Miami News

In this pleasant and warm little city rising out of the muskeg lands, there is a sight altogether too rare in our country today.

Adequate Negro schools. Without the sham or the shav- ing of the fact one often hears in other towns, a citizen of Belle Glade can tell you that the public school for the Negro student is more adequate than the White school.

This is the truth.

In Contrast
Newer and more spacious, the Negro schools for elementary and high school students, are well landscaped and the playing grounds are large. These stand in great contrast to the many shacks and barracks used as school houses by the Negroes in many communities of the nation.

Out of the sight of these schools comes a reminder . . . or maybe it is a discovery for so many in the crowd of American public opinion. Measure the vexing affair of segregation in the schools any way you want to, dream of coming to this great public debate, imagine the Supreme Court ruling just the way you want it to . . . and you always wind up needing new and adequate schools for Negro children in our country.

Society of Mobs
This is true even if we re- main a legal society and the practice of enforced segregation. There still is going to be the need for good schools for Negroes.

For four years, since the Supreme Court ruled on the old doctrine of separate but equal facilities, the people have been arguing Segregation versus Integration. Unless we are going to establish a new society in which the mob and the law rules, eventually we must end the cus- tom of enforced segregation.

Either that, or we amend the federal constitution or influence the high court to reverse itself . . . and either one is as remote as an iceberg in Biscayne Bay.

But with the ending of the custom, there is going to remain much more segregation than in- tegration. This, because of pop- ulation patterns. Most of the Negroes live in one area, and the school is there. By the unrigged assignment law, sending a child to the nearest or most conven- ient school, most of the Negro children are going to land in the same schools.

Obvious Need
Thus . . . the obvious need to

The Bourgeoisie

Viewpoints of Business
By The Countess

A business enterprise is viewed by the standpoint of the owner, the manager, the worker, the community and the job applic- ant. Different individuals or groups within and without the organization look toward the enterprise from totally different angles in order to grasp the big picture of a business.

VIEWPOINT OF OWNER. The owner's reason to procure a busi- ness is two-fold: the expected return in the form of profit and the holding of a pre-eminent position in the community.

VIEWPOINT OF MANAGE- MENT. Management today are professional men who, because of learned abilities in a particu- lar field, are chosen to direct activities on a large scale for the owner. Regardless if the enterprise should be a depart- ment store, ranch or institution, the manager is the owner's and community's yardstick, measur- ing the success of a business in terms of earned profit, public's acceptance of the product and relative standing of the business in the industry as a whole.

VIEWPOINT OF WORKER. The worker expects a business to sustain employment at a wage equal to the going rate in the community or to maintain his standard of living which ever should be the higher rate. The worker today expects a good atmosphere and satisfactory working conditions suitable for the work that is to be done. The worker demands recognition for achievement and a reasonable opportunity for advancement.

Like management he recognizes the rights of the owner and community, but his first interest is that of his own well being.

VIEWPOINT OF COMMUN- ITY. The function of any enter- prise from the viewpoint of the most community's is that it should render profits within a reasonable service to the people, provide part employment as well as meet the following re- quirements of noise, sanitation and comfort of the citizenry to which the service is offered.

VIEWPOINT OF JOB APPLIC- ANT. There are more jobs (especially in the office) than there are competent, experi- enced people to fill them. The employment interview is a two- person venture, the applicant must convince the employer that he's right for the job, and the employer must sell himself to the job seeker. Here are a few obstacle courses:

1. **DELAYS.** Standard hiring procedure with some firms are to keep the applicant waiting. The job seeker should not be forced to wait long past the in- terview appointment time or asked to return a dozen times or kept in a state of suspense. The applicant (if hired) may start the job lacking enthusiasm that might have been developed through thoughtful handling.

2. **COOL INTERVIEW.** The person's attitude might cause a strained atmosphere which will not result in a correct eval- uation of the applicant. Put the job seeker at ease. Questioning and conversation should flow naturally with neither person doing the most talking. The nervous, strained job seeker if treated with deference will give a much truer picture of himself.

3. **APPEARANCE.** Two people with equal education apply for

the same job. One may be a bet- ter dresser and more glib talk- er, but may also have less abil- ity to do the job. Appearance and personality may win, even though the position will not in- volve public contact. If this is true, this is unrealistic hiring.

4. **INDIFFERENCE.** Any ap- plicant will admit that a job interview is vitally important to him. Treat him with respect and courtesy—not with indif- ference or boredom. Always give a detailed, truthful picture of the job that is open, and the pos- sibility of promotion. The red carpet treatment benefits the company in the long run.

5. **CHAIN INTERVIEWING.** An applicant that must be in- terviewed by the personal man- ager and three or four other

department heads may not be able to survive without stat- ing a negative comment which may turn the decision against the applicant, and an employee with outstanding potential is lost forever. The Bull market for employees make it possible for a qualified person to choose the firm that does not greet him with snobbish indifference.

An auto accident in many cases is like a marriage — once is enough, or too often, one too many.

That Cigarette Tax Check Here Again

We're still smoking, and a right smart number of them too, for our City of Belle Glade is receiving a check for \$5,889.85 for our share of the October tax money collected on the sale of cigarettes in the City.

South Bay is collecting \$1,127.06, while Pahokee will get \$2,313.38. These checks are after the State gets its' hunk out.

Electric Christmas Gifts For Everyone

Getting an early start with those Christmas gifts will pay dividends in time management when the holidays arrive.

If you are interested in things electrical, there is an array of equipment and appliances the whole family will enjoy.

The youngsters will be delighted with the corn popper with the peek-in lid, or electric pencil sharpeners.

The man of the house is sure to be pleased with one of the new knife sharpeners or an automatic can opener that does a professional job in a minute or two.

Mother will be thrilled with a steam iron, a thermostatically controlled skillet, grill, saucepan, a top-of-the-store small size oven, or a blender. As for Grandmother, there's a coffee maker to be used, also, for heating a bowl of soup or for cooking eggs.

Shop around to note the various features and prices of the equipment put out by different manufacturers. Here are some of the points you will want to think about:

Who will use it, how will it be used, where will it be placed for use and for storage, safety features, its guarantee, and ease of handling and cleaning, and its durability.

Many of the new models have detachable thermostats. The utensil may be completely immersed in water for washing after the thermostat is removed.

Some of these control units are packed and sold separately and, on the same brand of equipment may be used interchangeably from one appliance to another.

Most manufacturers offer merchandise in aluminum, stainless steel with copper or gold plate trim, or in pastel-colored porcelain to match a color in the kitchen or dining room.

Tuberculosis can be prevented. Support your TB association.

Births

Dec. 5: Mr. and Mrs. John Walter Daniel (Betty Joe Hayes) West Palm Beach, announce the birth of a son, at Good Samaritan Hospital, West Palm Beach. The maternal grandmother is Mrs. Carl Hayes.

Nov. 30: Mr. and Mrs. Oliver Register, Jr. (Shirley Carter) announce the birth of a son, John Buck, at Belle Glade Memorial Hospital.

Nov. 30: Mr. and Mrs. John Perkins (Minnie Harrison) announce the birth of a son, Donald Edward, at Belle Glade Memorial Hospital.

Dec. 2: Mr. and Mrs. Morris Ridgill, Clewiston, announce the birth of a daughter, at Belle Glade Memorial Hospital.

Dec. 4: Mr. and Mrs. Charles Simmons (Grace Fawcett) announce the birth of a son, James David, at Belle Glade Memorial Hospital.

Well Controlled Diabetics

Diabetes, which took 596 Florida lives to become the state's tenth leading cause of death in 1959, is the subject of a review just published by the Florida State Board of Health.

The disease had its greatest impact on nonwhite females, the report showed, with nonwhite males showing the lowest rate. Whites of both sexes were affected slightly more frequently than the non-white males.

Diabetes took its greatest toll of the elderly, with "89 percent of the deaths from this cause affecting persons 55 years of age or older," the report showed.

In the past ten years the death rate from diabetes has been trending slightly downward in the state, but has remained well below the national average for that period, it was stated.

Diabetes was described by officials as a disease in which the pancreas "fails to produce enough insulin to control sugars and starches." They called it a condition "with hereditary tendencies," and said the exact

Have Fewer Complications

cause of the pancreatic malfunction is unknown. It is said to affect about two per cent of the population with approximately half of its victims being unaware of their condition.

Dr. James E. Fulghum, Acting Director of the Division of Chronic Diseases, said "In most cases, diabetes can be controlled by proper treatment. This is most effective, however, if the disease is diagnosed early. We urge everyone beyond the age of forty to have blood sugar determinations every year. This is particularly important for relatives of known diabetics because of the higher incidence of the disease among them."

The report concluded: "It is the consensus of the leading medical authorities in the treatment of diabetes that well controlled diabetics will have fewer complications such as gangrene and diabetic coma, and the late manifestations such as crippling, blindness, and hardening of the arteries will be postponed for many years."

Christmas Seals said the fight against TB. Use them on all your holiday mail.

Census Shows

Glades Pop Exceeds 37 Fla. Counties

A chart issued by U. S. Census Bureau gives the Glades, Palm Beach County west of Twenty-Nine Bend, a population of 29,747, but does not include an estimated 8-10,000 folks who are here now for the harvest season - harvest hands, off-hire help, vegetable buyers, government inspectors, clerks and filling station employees; all of whom have families.

The same chart shows that 39 of Florida's counties are lower in population than are we, with two more counties within our range. Adding our average migratory population, which is here from half to two thirds of the year, we've topped a total of 41 counties, of the State.

Our population is greater than that of the total of the seven smallest counties combined, plus 10 percent.

We've got the size and population for a county; we need a name and the authority to be in the top 45 percent of Florida's counties.

Increase Is Defeated

Proposed Truck Rate

A proposed truck line charge which would "hit the pocketbook" of every Palm Beach County resident who has a shipment picked up at his home or delivered to his residence has been defeated through the efforts of the Palm Beach County Freight Traffic Bureau.

James W. Lee, Director of the local Traffic Bureau, announced receipt of a letter from the Southern Motor Carriers Rate Conference advising him that its Standing Rate Committee has recommended disapproval of Proposal 515-3168(G) which would have assessed additional charges of 35 cents per one hundred pounds subject to a minimum of \$10.00 in addition to all other charges if a shipment was picked up at and delivered to a private residence.

Lee said that he had filed formal objections to the Proposal with the Carriers Rate Conference when it was docketed for a hearing before the Standing Rate Committee in October.

"This radical new freight rate proposal would hit particularly hard at building contractors, private citizens, merchants who arrange for direct shipment to customers homes and residents who make shipments to friends and relatives," he said.

Army Brass Gets "Hep"

Guaranteed Opportunity

Somebody in the upper echelons of Army Brass has added a selling feature to appeals to youngsters for making the Army a career - they are writing guarantees of educational opportunities promised to enlistees.

A high school diploma leads to opportunities that would not otherwise be available. In the modern Army, with its many complex and technical tasks, the high school graduate is given preference when being considered for attendance at one of its technical schools. In addition to a high school diploma lets young men and women choose the technical school or training they want in the Army and that choice is guaranteed in writing before they enlist.

The high school graduate's advantage doesn't stop there. Once in the Army, his diploma is an aid to advancement in position, pay and responsibility. The graduate is also prepared for college courses offered through the Army Education Program whereby he may earn one or more college degrees during his Army career.

Young men and women who let poor advice or a rash decision stampede them into quitting school are denying themselves the opportunity for a secure future. Lack of education can cause an individual to fail in anything he may attempt.

The U. S. Army urges all young men and women to finish high school before considering military service. After graduation the modern Army offers unlimited opportunities to those graduates seeking a secure, interesting and profitable career. For more information see or call your local Army recruiter.

Austin Home Scene Of Barbecue Dinner

Mr. and Mrs. Ben Austin and family Miss Lou Ann Austin, Jeny, Boe, Norman and Warren entertained Saturday night at their home in South Bay with a Barbecue dinner.
Guests were Charlie Hogg of Macon, Georgia, Miss Sue Andrews and her parents, Mr. and Mrs. Floyd Andrews of Clewis-ton, Mr. and Mrs. Milo Jones of Belle Glade, Mr. and Mrs. Aubrey Walker and sons Aubrey and Larry, Mrs. Madeline Ro-beris and children, Mike, Sharon and Bob and Harry Chest-nut.

Animal Products Are 1st Defense Against Radioactive Fallout

The first line of defense of humans against radioactive fall-out accumulation is the animal products which we consume, ac-cording to the director of nu-clear sciences at the University of Florida.
Dr. G. K. Davis says meat, milk and eggs serve as the best barriers against the increased consumption of radioactive ma-terial.
"Meat is one of our very good sources of protein food," says the scientists, "and because strontium-90 accumulates in animals is deposited in the

bones, and we consume relative-ly little of the bone in our meat products, this serves to screen effectively against strontium-90.
The human body also dis-criminates in favor of calcium and a diet rich in milk and milk products serves as a very effective assistant in preventing stront-ium-90 from being deposited in human bones.
In eggs, calcium and stront-ium are deposited in the shell. People using eggs and discard-ing the shells have consumed a food that very effectively ser-ves to screen against almost all strontium-90.
Dr. Davis adds that vigorous strontium-90 accumulation by fertilizer program which must be used in the production of

Florida vegetables serves to re-duce the amount of fallout pre-sent in the state's produce.

South Bay School News

PTA Meets
South Bay P. T. A. had its regular meeting Monday, Dec. 5, at the South Bay School Auditorium presiding. Mrs. Louise Forquison presiding. Mr. Noble Roberts gave the invocation. Mrs. Jane Evans, chairman of the program committee introduced the guest speaker Miss Jane Plummer, County Health Nurse who gave a talk on the dual role of a Health Nurse. She said that they had a loan closet that will furnish beds, wheel chairs and crutches for the bed-ridden and crippled, that there will be no charge for this service.

The next P. T. A. meeting scheduled for Jan. 2, was changed to Jan. 3rd because of the New Year's Holiday. The P. T. A. allocated \$75.00 for treats for the local children for the Christmas party to be held Tuesday evening December 20th at 7:30 p. m. Santa Claus will be present to hand out the treats at this time.

Members voted to buy a large size dictionary and table for the new library. Mr. Ouellette invited the members to view the new equipment purchased by the P. T. A. at the October meeting—two sets of World Book Encyclopedia, record and P. A. System, chemistry set. Mr. Ouellette in behalf of the teachers thanked the P. T. A. for the \$400.00 allocated for the purchase of teaching aids.

Nornia Dalrymple
Mrs. Norman Dalrymple honored her daughter Nornia Saturday night on her 14th birthday with a party at the American Legion home in South Bay. The hall was decorated in blue, yellow, pink and green. The table covered with a white cloth held an arrangement of pink flowers and a silver pitcher containing punch. The traditional birthday cake in blue and pink was inscribed "Happy Birthday Nornia" and decorated with a boy and girl dancing. Punch, cake, mints, candy and nuts were served to approximately 70 young people who enjoyed dancing to a record player.

South Bay School Christmas Program
The seventh and eighth grades of South Bay School will present the annual Christmas Program entitled, "They All Came" in the school auditorium Friday, December 16th, at 8:00 p. m.

A chorus of approximately sixty five boys and girls will participate in the program which tells the story of the Nativity in singing and choral speaking. There will be a candle light procession with the singing of "O Come All Ye Faithful," followed by many beautiful carols, including solos and duets.

New risers have been built for the stage under the supervision of Mr. Billy Foster, the seventh grade teacher and Mr. Hector Ouellette, principal of South Bay School. Mrs. Jane Evans is in charge of the decorations and will be assisted by Mrs. Lily Wilder.

Mrs. Elizabeth Willis, the eighth grade teacher will direct the choral speaking choir and the music is under the direction of Mrs. Ruth Snider.

Miss Betty Mathis is confined to her home with bronchitis. Mrs. Ludie Lockmiller of West Palm Beach stopped over here from a six weeks visit with Mr. and Mrs. Sam Lockmiller of Clewiston, and Mr. and Mrs. Joe Lockmiller of Zolfo Springs, to spend several days with Mr. and Mrs. Joe Hodge, and Tommy Joe Hodge.

Mrs. T. L. Driggers and daughter, Miss Ann Driggers, spent Saturday with Mrs. Luke Smith of Lake Placid.

Mrs. T. C. Collinworth and son, accompanied by her son Harold spent the weekend in Miami with her daughter and son-in-law, Mr. and Mrs. W. K. Lowery.
